Nursing Home Registration Certificate

*Certificate of Registration under section 5 of the
Bombay Nursing Homes Registration (amendment) Act 2005
(Under Rule 5)*

Registration No. : 09 Date of Registration : 17/03/2010

*This is to certify that Shri/Smt. Dr. Poonam Yarma,
M. S. has been registered
Under the Bombay Nursing Homes Registration (Amendment)
act 2005 in respect of Kasturba Hospital
Situated at Sewagram and has
Been authorized to carry on the said Nursing Home / Hospital.
maternity 150 Cots Other Nursing Patients
822 Cots.*

This Certificate is renewed up to 31 st March 2026

Distict Health Officer
Zilla Parishad, Wardha

Date of Issue of Certificate No. 268 / Dt. 8/05/2023

Clinical Biochemistry Laboratory | Department of Biochemistry
Mahatma Gandhi Institute of Medical Sciences & Kasturba Hospital
Sevagram (Wardha) - 442 102, Maharashtra, India

The laboratory is functional 24X7 and manned with efficient staff that are trained to perform their respective jobs. This includes Biochemist, Laboratory Technicians, Assistant Technicians and attendants, managing testing laboratory and Common Sample Collection in shift and fixed duties. Clinical Biochemistry Laboratory manages its state-of-the-art laboratory machines and instruments that do the majority of actual sample testing. The laboratory possesses 2 fully automated Biochemistry Analysers Beckman Coulter AU-480 with a high throughput of 400 serum test/hour and 400 ISE test/hour. Roche analyser for Cobas e411 immunoassay analyser is used for processing immunoassay test with throughput of 90 test/hour.

The laboratory performs a wide range of biochemical testing, an average of 1500 test daily, including Biochemical and immunoassay tests with a reporting TAT time of 2 hours is maintained.

The laboratory is divided into 6 phases which follows and maintains the Pre-Analytical Analytical and Post-Analytical variables.

1. Common Collection Center
2. Sample Transport and Handover
3. Sample Accession
4. Processing
5. Reporting
6. Final Report Handover

The Common Collection Center is constructed in compliance with NABL Collection Center Checklist and has a well-defined pre-analytical protocol, where relevant information is collected from the patient and samples are bar-coded for respective tests, followed by collecting samples with required order of draw and quantity requirement. Samples are transported every 30 minutes to the laboratory following defined transport protocols.

At the accession counter the accession staff will collect the samples, check for predefined pre-analytical variables (wrong tube, wrong barcode, QNS) and record the details. Following centrifugation, the samples are transported to respective processing station.

Through Bi-directional interfacing between Machine and Hospital Information System samples are processed and reported at the reporting counter.

Clinical Biochemistry Laboratory | Department of Biochemistry
Mahatma Gandhi Institute of Medical Sciences & Kasturba Hospital
Sevagram (Wardha) - 442 102, Maharashtra, India

Quality Assurance Services:

- The laboratory has a well-defined QC protocol in compliance with NABL 112. The laboratory performs bi-level Quality Control twice a day, followed by corrective actions and CAPA recording.
- Clinical Biochemistry laboratory has established its own lab mean for Biochemistry Parameters and is maintaining and recording the monthly lab mean, LJ protocols and CV trends in compliance with ISO 15189:2012.
- The analyzers PM and Calibration frequencies are well defined, machines are calibrated once in a year and Preventive maintenance is performed every 6 months by the appointed company personnel.
- Changes in Quality Control lot and Biochemistry Reagents are identified time to time and parallel runs are performed and documented in compliance to NABL112.
- As a part of Proficiency testing inter-machine and Delta check analysis of the analyzers are performed every month and details are documented.
- Linearity studies of the analyte are done as per the machine Analytical Measuring Ranges (AMR) and linearity are well defined.
- Every Month the laboratory participates in External Quality Assurance Services (EQAS) organized by CMC Vellore and the laboratory stands in A scale for most of its parameters. CAPA is defined and documented for all outliers.
- Any new test introduced in the laboratory is regularized only after it undergoes and qualifies the defined Performance qualification (PQ) validation protocol set.
- Time to time updation in external guidelines and taken care of and staff training and competencies time table is followed every week as a part of Continuous Medical Education.
